

New Dirt-Moving Machines Speed Dam Work

Abiquiu Flood Control Project Rising Rapidly

Journal Special
 Abiquiu, Abiquiu Dam, huge flood control structure across the Chama River 35 miles northwest of Espanola, is rising rapidly at the present time. The dam is 100 feet high and 1,000 feet long. One of the new uses is a diaphragm wall, covered and protected on the Abiquiu dam.

It is a 100-foot concrete dam, 100 feet high and 1,000 feet long. It is a diaphragm wall, covered and protected on the Abiquiu dam.

Kirtland Civilians Honored

More than 200 civilians are to be honored at Kirtland Air Force Base on July 22. They have been recognized for their service in the Korean and Vietnam wars.

The ceremony will be held at the Kirtland Air Force Base. It will recognize the service of these civilians who have supported the military during these difficult times.

RESERVOIR AREA of the Abiquiu flood control dam is shown in this photo looking upstream on the Chama River. When completed the dam will have a storage capacity at spillway crest of more than 1,000,000 acre feet of water.
